Cool, Cozy & Comfort

NICE ONE! SWEE LA....

This is OBRO 1st Downdraft Set installed at Matilda Edge @ Punggol HDB. The features have been perfectly matched into the design in an open concept which brings the kitchen looks more elegant and classy.

This also creates another corner between kitchen and living room where family members could gather around for bonding while having meal or even during cooking.

Is this what you desire for your future kitchen?

Do contact us for more details. Thank you.
